

Hi Lapford,

I wonder if anybody knows about an incident that took place in February 1978, when a UFO was sighted near to Blackditch Cross two miles from Lapford. - Matter that was brought to the attention of the Police.

Perhaps some body knows the history of Blackditch, is it just a crossroads, or small community, are there any reports of strange things having been seen in the locality over the years?

Any information to Mr John Hanson 0121.445.0340 retired Police officer writing up a number of Volumes relating to UFOS seen in and around the skies of the UK going back to the 1940's.(Worcestershire)
